

## Dear Parents

We have reached the end of a vibrant and exciting second term.

### ACADEMIC AFFAIRS

Our Grade 4 pupils wrote their first serious test series, (exam) and performed really well. They behaved beautifully under proper exam conditions. We think

this was a good experience for them to take along to the high school next year. Please note that the mark that appears on the report is a term mark - it includes 2<sup>nd</sup> term tasks and exam marks. If you would like to discuss your child's results, please feel free to contact the class teacher.

If you are concerned about any learning area on your child's report please make an appointment via our secretary, to meet the class teacher. The sooner we address a problem, the better.

### SPORT

Our boys and girls had much fun on the sports fields. They won some and lost some, but that's life. Thank you parents, for your support beside the fields.

### CULTURAL EVENTS

The Music Hour on 6 June was very successful and enjoyable. We would like to thank Mrs Alet Kingwill and the UPS pupils for entertaining us with their talents.

On 7 June we showcased our learners' General Knowledge in an on-stage Quiz. Congratulations to the finalists for their bravery to face the gong and to impress the audience with their knowledge of the world we live in. Their knowledge was actually quite amazing.

### TRAFFIC CONTROL

It is dark in the mornings when kids are dropped off for school.

Parents please drop off and collect your children with their safety in mind.

Let them enter and exit your vehicle straight onto the pavement in front of the school. They **MUST NOT BE ALLOWED TO CROSS THE STREET**.

They are invisible early in the morning wearing their dark uniform.

Please approach the school using a street which will not necessitate making a u-turn. Kindly observe traffic regulations meticulously in order to avoid a tragedy. No parking in front of the gates please.

### THE POOL

This is a big deal. Pool companies are hesitant to accept a job on a pool this old. A local contractor is busy working on it, but it will take time. Do not expect the problem to be solved overnight.

Thank you UPS parents, for pitching in and helping out wherever and whenever you are needed. We really appreciate your loyalty and support.

## THANK YOU.

I would like to thank our teachers for the brilliant job that they are doing, our Governing Body for their guidance and support, our coaches for the long hours and for all the travelling and the special little things they do for our children. Thank you also to our secretary for calmly multitasking and for her infinite patience. Thank you to Mr Kingwill, for beautiful school grounds, to Uncle Melvin for doing whatever one asks him to do, to Aunty Celeste for keeping our school clean and tidy.

Our hostel matrons deserve a big thank you for making a cosy home away from home for the farm children and other children from afar. Aunty Marjorie very lovingly looks after her little bunch of children in the afternoons and Aunty Sarah is always ready with something to eat at the Tuck Shop.

We wish you a happy holiday until Tuesday, 09 July at 8:00.

Enjoy your children!

*Best wishes*

*Leona Rich*
